Nabarro was awarded the prestigious title of Law Firm Rebranding of the Year at the Legal Marketing Awards held at the Park Lane Hotel in Piccadilly, London. Nabarro beat five other law firm re-brands to win this award, which was presented to the firm by media icon Janet Street-Porter.

Simon Johnston, Senior Partner at Nabarro, commented: "This is a great achievement for the firm and testament to the hard work, creativity, and innovation that a large team achieved during this exercise."

The award was judged by an expert panel of five judges according to a range of categories including the objectives of the re-brand, research, the strategy, and communicating the changes internally and to other audiences.

This was the second annual Legal Marketing Awards, which recognises and celebrates excellence in the provision and implementation of strategic marketing solutions for the benefit of legal practice.
